American Journal of Physics and Applications (AJPA) provides a forum for the publication of scientific research and review articles. The journal publishes original research papers devoted to wide range of areas of physics and its applications. The topics included in this journal emphasize understanding of the physics underlying modern technology. The Feynman Lectures on Physics - Wikipedia The Feynman Lectures on Physics is a physics textbook based on some lectures by Richard P. Feynman, a Nobel laureate who has sometimes been called "The Great Explainer". The lectures were presented before undergraduate students at the California Institute of Technology (Caltech), during 1961–1963. The book's co-authors are Feynman, Robert B. Leighton, and Matthew Sands. Research - modeling.asu.edu Research.
